

ENLIGHTS
THE
RAY OF
HOPE

A success story of Mrs. Haripuri Bidika (48) with the support of Goat rearing revolving process, Land levelling and seeds supports

I am Haripuri Bidkia 48 year old living with my husband, son, daughter-in-law, granddaughter, from Tumbakana village coming under Gulunthi G.P of Ramanaguda Block, Rayagada.

From the beginning I was living with the ignorance and conservatism ideas like other women in my village used to live. I was doing domestic work & going to hills to collect fire wood to earn income. In these times it was very tuff and difficult to arrange livelihood amenities for us. My husband & Son were doing the cultivation in traditional method and after bone breaking hard work we were unable to secure the livelihood.

It was a ray hope that fortunately I came into contact with one of the staff of “READ” organization and he made me understand about the power & opportunity of SHG as well as women. Gradually I started attending the training related IGA & gender conducted on behalf of “READ” and came to know a lot of technical ideas for doing multiple vegetable cultivation and simultaneously started doing that also. In our SHG group we are providing food service in different training programs especially for “READ” organization and collecting good amount of money to increase the our individual savings. From “READ” I got support of 4000/- rupees for kitchen garden, an amount of 10,000/- rupees for land leveling and one goat as well as 9 different types of vegetable seeds.

Apart from this I have cultivated pulses, multiple vegetables & paddy from which I am getting an average amount of 50,000/- annually. I have got an opportunity to be the goat keeper of “READ” organization and having a regular income of 5000/- rupees as well. Now I have 10 goats of my won and getting an average amount of 20,000/- rupees from goat rearing as well. So overall my annual income is Rs.1, 30,000/- as well. Now I have a concrete house where I & family living with a good quality of life.

At last I will thank “READ” and its staff who came into my life like angels and made my life & family happier and joyful as I always wish to be.

All We Can Adult Informed Consent Form

Location and Partner: Ramanaguda
